We deliver to every region of the UK, every week. For the vast majority of our seating products we guarantee a 5-10 day delivery within our 5 working day delivery cycle. This cycle covers set delivery areas for every day of the week and allows customers to confidently commit to a specific delivery date.

Orders placed before 5.00pm on a Tuesday for example, will be delivered on the following Tuesday. Whilst lead times may be longer for certain products, the same set daily delivery structure applies.
